# Stage 2 Toilet Training

Being able to use the toilet: “I want to get going”

Think about.....

- What can the child do now?
- What are the next skills needed?
- Make a plan to help.

Now I'm  
around 2  
years old

- Get inspired, talk to others and share ideas.
- Carry out the plan. Keep practising. It may take some time but it's worth it.

**1.** I am happy now I am wearing pants, and I have been told that I can use the potty/toilet.

**2.** I am happy to practise when my carer encourages me to use the toilet, but not more than once an hour.

**3.** I am happy to sit on the toilet/potty, but I do not always do anything **and it's ok.**

**4.** I am happy when my carer gives me lots of positive attention for sitting on the toilet.

**5.** I am happy when I get given time; please be patient with me.

**6.** I am happy to go out wearing pants and I know I have extra pants just in case. I think I am ready for stage 3 toilet training!
