

Guide to Carers Services

Easy Read Version

Are you a carer?

If you often help someone then you may be a carer.

This could be a member of your family, a friend or a neighbour.

Carers often help with things like:

- shopping
- cleaning
- help with the garden
- helping someone to get washed and dressed.

Who can be a carer?

You can be a carer at any age. You do not have to live in the same house as the person you care for.

Young Carers

Young Carers are under 18 years of age and there is a Young Carer Service that can offer:

- someone to listen to you
- things to do, like clubs and days out
- help by talking to other people who work with you or your family.

Carers Assessments

If you care for someone and don't get paid for it you can have a carers assessment. An assessment is a look at your way of life and any needs you have.

This will give you info on:

- support groups
- training
- useful help
- taking a break from caring.

Carers Emergency Card

If you have a carers card and something happens to you, your card tells us that you are a carer.

We can then make sure the person you care for is looked after until you are better.

Personal Budget

A Personal Budget may help you as a carer. You can spend it in any way you think would make caring easier for you.
